CAREER OBJECTIVE

To secure a responsible career opportunity where I can fully utilize my front-end development skills, creativity, and sincerity for the best achievement of the organization. And also want to work with a team where I can enrich my skills with proper guidelines.

SKILLS

Expertise: ReactJS, Next JS, JavaScript, TypeScript, MongoDB, Bootstrap, Tailwind, Shadcn, Github, Figma.

Comfortable: Redux, MySQL, Mongoose, ExpressJS, TanStack Query, Firebase, React Router Dom, Photoshop.

Familiar: PostgreSQL, Zod, Framer Motion, JWT, Axios, Cors, Stripe, Vercel.

EXPERIENCES

Bangladesh Associate of IT Solutions (BAITS) - Software Developer

March 2024 - Present

- Built an inventory system to track stock, manage sales, handle payments, and send SMS alerts using React, TypeScript, and MySQL
- Created accounting software that grew from single-client to multi-user platform with financial dashboards and reports
- Built and redesigned company portfolio websites using Next.js
- Set up and deployed projects on cPanel and VPS servers
- Developed numerous websites for schools and madrasas using React and Next.js

Diginie IT - Full-Stack Developer (Internship)

November 2023 - April 2024

- Helped build an e-commerce website and company portfolio
- Worked with React, Next.js, and MongoDB
- Gained experience in project deployment and client work
